

SCAM ALERT – Highlands County Sheriff's Office

Posted on Wed, Apr 24, 2024, 01:38 PM EDT

Scammers are calling residents claiming to be from the Heartland National Bank Fraud Department. They are asking for account and personal information (debit card info, etc.) in an effort to gain access to accounts. No bank will call you and ask for personal information like this over the phone, so any call or text you get like this is always a scam, no matter what bank they claim to be. Please tell your family, friends and neighbors about this scam to help us spread the word!
